

# Conserve Water Conserve Life

Institute of Plumbing  
South Africa

1

Washing regularly before and eating, and after using the toilet.

2

Always turn the tap off after washing hands.

3

If you see a tap leaking report it to your teacher.

4

If you see a tap left on, turn it off

5

Always flush after using the toilet

6

Don't throw foreign or large objects down the toilet as it may cause blockage
